## UX Designer

I am an India based UX designer and researcher with **5+ years of industry experience**. I help businesses to expand their capacity by connecting their untouched hidden dots because I know how to balance desirability, feasibility and viability lenses to create the most valuable user experiences for products and businesses.

### Work Experience

#### Honeywell International / Senior UX Designer

Aug 2019 - Present | Bangalore, India

Currently, I am working in the Honeywell Connected Enterprise (HCE)- Connected Plant domain where my responsibilities are to deliver a world-class user experience for the Connected Plant (CP) portfolio.

My responsibilities included leading the UX process for the project, UX research, conducting UX workshops, process strategy, concept design, UI design, prototyping, usability testing, design review & cross-team collaboration for product development.

Since I've joined, I've supported **24+ major & minor product releases**, worked on **3 projects & 10+ new product ideas**, streamlined the UX engagement process for the teams, helped teams achieve **8-figure business** through **15+ customer acquisitions**.

#### HCL Technologies / Senior UX Designer
